

WHO ARE  
YOUR  
FANS?

Loyal customers rely on your competitive prices, high quality and timely delivery. They also expect a rock solid reputation that will continue to perform in the global market. Your employees are counting on a living wage and benefits, efficient processes and quality equipment to help them meet the demands of production. Meanwhile, your vendors want the first shot at sourcing and servicing your growing needs.

## TO KEEP YOUR FANS IN LINE, YOU NEED SMART IDEAS – FAST.

- Reporting and Tracking
- Performance Improvements
- Mergers and Acquisitions
- Research and Development Credits
- Lean Accounting
- Succession Planning

Call the manufacturing advisors at Froehling Anderson. *We'll get you there.*

ARE YOU A  
HEADLINER?

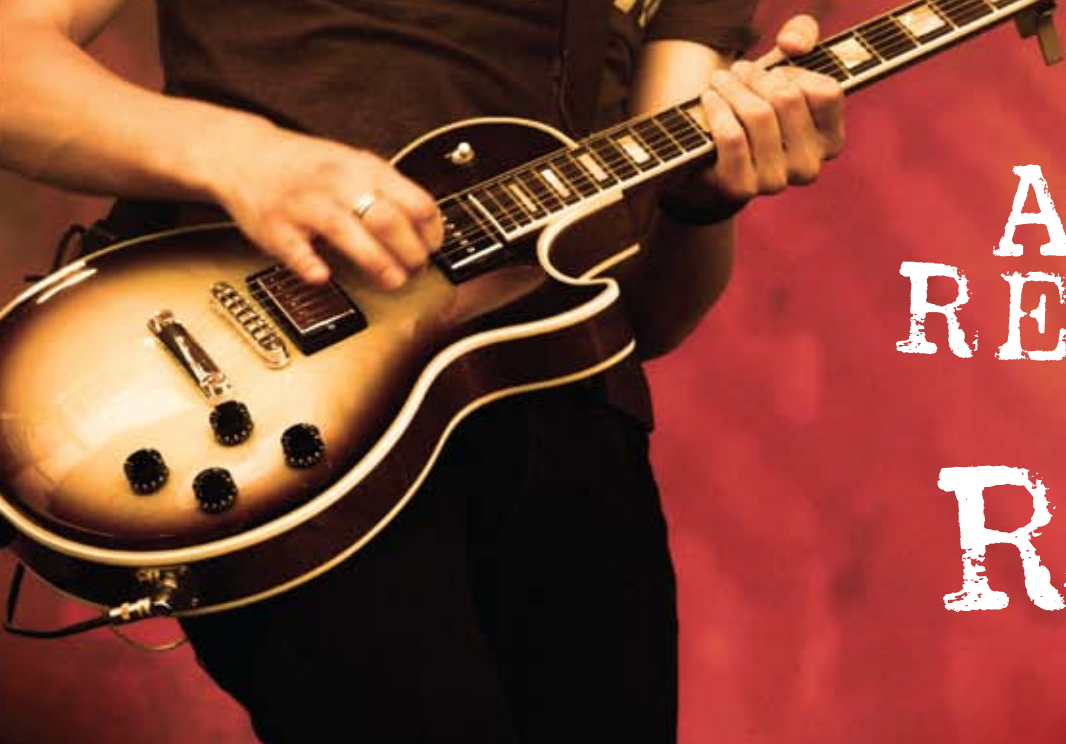

You've seen the opening acts and the back-up performers. Your company isn't one of them because you know the potential of a bigger venue and fan base. Whether you lead on price, market or innovation, success depends on making your niche your own.

## AUDITIONS ARE OVER. THIS IS THE REAL THING.

- Apply strategic planning to develop a clear vision of your company's future.
- Avoid the pitfalls of insufficient or inaccurate tax and R&D filings.
- Tap a cutting-edge team of advisors for accounting and financial reporting.
- Invest in high-return processes and products.

Call the manufacturing advisors at Froehling Anderson. *We'll get you there.*

ARE YOU  
READY TO  
ROCK?

Imagine a team of advisors with real business experience, advanced know-how in business taxation and lean accounting, leadership positions in well-respected manufacturing associations, and their own think tank of manufacturing legends.

If you had all of that, you would be a client of Froehling Anderson.

Industry superstars surround themselves with smart and experienced advisors. Froehling Anderson serves successful fourth-generation manufacturers. Together, we stay on top in a competitive industry.

We'd love a backstage pass to your company and will contact you soon. We hope you enjoy your rockin' gift.
