NORBERG

Consulting

HEAD TO THE NEXT LEVEL

Strong firm growth takes more than incremental improvements. Sometimes you have to build whole new systems and deploy your people in new ways. We can take a critical look at the business side of your law firm and determine what is working and what isn't. With years of experience running law firms, we know what it takes to succeed.

Norberg Consulting will help you build a better and more profitable firm.

We work with the numbers, the systems and the people. We get to know the people, what they do and why. We listen to what you want to happen and make recommendations based on our many years of hands-on implementation and experience.

Some of the ways we can address your firm's needs are:

- Review of job descriptions and roles
- Functional assessments of the business of the firm
- Profitability and growth maximization
- Communication issues resolution
- Firm business leadership
- Bringing in proven experts to support firm expansion

Let Norberg Consulting create an administrative and business environment that will contribute to the firm's bottom line. Contact us to learn how we can make a difference in your firm.

In law firms you make things happen by bringing people together. With our strong business and interpersonal skills, expect us to make a difference at your firm.

We have talked with 21 groups that wanted to start firms. We gave the "thumbs up" to seven. All seven new firms are thriving.
